

Talking trash!

February 2012

**Great price. Best service.
Purplest trucks.**

An Informational "What You Need to Know" E-Newsletter from Rocky Mountain Sanitation

We want to hear from you.

To improve our waste removal services in 2012, we want to hear from you. Now thru June 1st, we're asking you to provide us feedback on our service...good or bad. From residential to commercial, we strive everyday to provide clean, efficient, low-cost trash removal service to every customer. Your input and feedback is important to us.

Log on to our website and fill-out our feedback form. Once your feedback is submitted, you'll be put in a drawing to **WIN A \$100 VISA GIFT CARD**. Drawing will take place on June 1, 2012. Thank you!

Save water to save money.

- Take shorter showers to reduce water use. This will lower your water and heating bills too.
- Install a **low-flow showerhead**. They don't cost much, and the water and energy savings can quickly pay back your investment.
- Make sure you have a **faucet aerator** on each faucet. These inexpensive appliances conserve heat and water, while keeping water pressure high.
- **Plant drought-tolerant native plants** in your garden. Many plants need minimal watering. Find out which occur naturally in your area.
